

Who:

All Chapters and members are encouraged and invited to participate. The Online Testing Tournament is free for all members!

What:

The FBLA Online Testing Tournament encompasses some awesome opportunities.

First, it's online testing. During the two-month tournament, students have the opportunity to take as many online tests as they would like.

Second, it's an individual competition! Each event will have winners—first place through fifth place. The winners will receive a certificate and the winners list will be published after each round.

Third, it's a Chapter competition! The top three Chapters from each region will be recognized on stage at their respective Regional Conference. Additionally, the top three statewide Chapters will be recognized on stage at the State Leadership Conference in April. Top Chapters will be determined based on the point system below.

1st Place	5 points
2nd Place	4 points
3rd Place	3 points
4th Place	2 points
5th Place	1 point

Where:

Online! For the Online Testing Tournament, the only requirement is that tests be taken in your school environment. We will follow the same proctor rules that we do for the State Leadership Conference. They may not be completed at home.

Testing:

During the Online Testing Tournament, every test is taken as an individual – there are no collaborative or team events during the Online Testing Tournament. After the

tournament, your adviser will receive your scores so that you determine which events you would like to compete in at the Regional and State Conferences.

When:

Registration will be accepted during the entire tournament. Testing will be open from 7:00 a.m. – 5:00 p.m. unless otherwise requested. The tournament will be open from October 1 – November 29, 2019.

Results will be available sometime during the third week of December. The following tests will be offered (additional tests may be added after the CPR Team meeting in August).
